

Uncommon Horse Sense

Dave Kluge

3030 Grand Ave., Glenwood Springs, CO 81601

(970) 945-5543 www.davekluge.com

Dave has been conducting clinics throughout the United States since 1994. He believes that by understanding the horse's instinctive nature, and the behavior he learns as a herd member, we can approach the education of the horse from a perspective he already knows. This approach not only dramatically accelerates the learning process; it earns us the horse's **Trust**, instills in the horse **Respect** for us as herd leader, and develops a line of **Communication** the horse can easily understand. No matter what discipline you enjoy participating in with your horse, the principles and techniques used to create a cooperative working partnership are the same. Calm, well mannered, responsive horses are created, they don't just happen.

Earn **TRUST**, Instill **RESPECT**, Develop **COMMUNICATION**
Become Your Horse's **Leader, Teacher & Best Friend**

Building A Confident Relationship Naturally

Hosted by: **Cedar Ridge Ranch**

W 14471 Dartford Road
